

TREVI 106

Generation SERIES

The **Trevi 106 Generation Series** pool is an interesting option for those with both space and budget constraints. The pool features steel top seats and uprights: only the joint covers are made of resin. The 52 in (1.32 m) walls are available in 4 different textures. Your kids can partake in their favourite games while you take full advantage of those warm summer days!

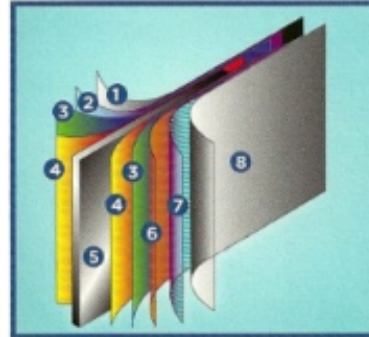

TECHNICAL DETAILS

SPECIAL FEATURES

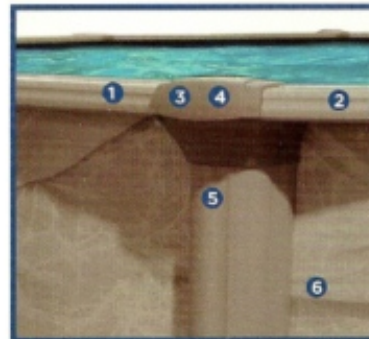

Superior quality galvanized steel top seat.

A unique Trevi design, the double pool support post and stay assemblies for the oval model are designed for superior strength as well as aesthetics. The bottom safety track, made of galvanized steel, provides good stability.
